INTRODUCTION

This course aims to enhance the multidisciplinary approach of patients with inflammatory and malignant diseases of the bowel as well that of the postoperative patients and it will increase the quality of management.

In expert lectures and interactive workshops each given by a multidisciplinary group of radiologists, surgeons, gastroenterologists, pathologists and radiotherapists the attendees will learn about new imaging methods, the clinically relevant questions and how the answers impact treatment decision making in bowel cancer, inflammatory bowel diseases and postoperative complications of bowel surgery.

This workshop is organised in cooperation with the European Society of Coloproctology and in association with the United European Gastroenterology.

LEARNING OBJECTIVES

- To learn about the different treatment options.
- To know the factors that are relevant for clinical decision making.
- To understand how imaging is used to guide surgical and radiation treatment planning
- To learn about the role of EUS, CT and MRI for primary staging
- To know the performance of CT, PET/CT, MRI and functional MRI for assessment of treatment response during and after chemoradiotherapy.
- To learn the pros and cons of new endoscopic diagnostic techniques and their present role with respect to symptomatic, surveillance patients and screening.
- To understand the strength and weaknesses of CT colonography
- To learn the present role of CT colonography as compared to colonoscopy in symptomatic and surveillance patients and in screening.
- To learn the role of imaging in staging colon cancer
- To know new treatment of colon tumor (total mesocolon excision) and learn about new imaging techniques
- To get insight in medical and new developments in treatment of IBD, in spec. Crohn's disease.
- To get insight in the different treatment modalities, both medical and surgical (seton, advancement, etc) of perianal fistulas
- To understand what is the best method to determine disease activity
- To understand which imaging techniques (EUS/MRI) can be used for perianal fistulas
- To know the main bowel surgical procedures
- To learn the treatment options for postoperative complications.
- To know the accuracy of CT for diagnosing leakage and abscess formation, internal herniation, strangulation, obstruction, ischemia and acute bleeding

WORKSHOP ORGANISERS

Prof. Regina Beets-Tan (ESGAR)
Maastricht University Medical Centre
Department of Radiology
PO Box 5800
6202 AZ Maastricht
THE NETHERLANDS

Prof. Najib Haboubi (ESCP)
University Hospital of South
Manchester
Clinical Sciences Building
Southmoore Rd
Manchester M23 9LT
UNITED KINGDOM

Prof. Jaap Stoker (ESGAR)
Academic Medical Center
Department of Radiology
Meibergdreef 9
1109 AZ Amsterdam
THE NETHERLANDS

WORKSHOP VENUE

NH Grand Hotel Krasnapolsky
Dam, 9
1012 JS Amsterdam
THE NETHERLANDS

ORGANISING SECRETARIAT

Central ESGAR Office
Neutorgasse 9
1010 Vienna, Austria
Phone: +43 1 535 89 27
Fax: +43 1 535 70 37
E-Mail: office@esgar.org
Website: www.esgar.org

WORKSHOP LANGUAGE

The meeting will be held in English.

FACULTY

R.G.H. Beets-Tan, Maastricht/NL
C. Buskens, Amsterdam/NL
C. Hoeffel, Reims/FR
G. Hutchins, Leeds/UK
Z. Krivokapic, Belgrade/RS
A. Laghi, Rome/IT
M. Laniado, Dresden/DE
J. Panes, Barcelona/ES
S. Pritchard, Manchester/UK
J. Stoker, Amsterdam/NL
P. Tanis, Amsterdam/NL
S.A. Taylor, London/UK
V. Valentini Rome/IT
M. van Leerdam, Amsterdam/NL

HOTEL ACCOMMODATION

For your room reservation please visit the ESGAR website for further information.

REGISTRATION

Please use the online registration system on the ESGAR website.

Registration Fees:

| | |
|---|----------|
| ESGAR or ESCP Members | € 400,00 |
| Non Members | € 550,00 |
| ESGAR or ESCP Residents/ Trainee - Members | € 250,00 |
| ESGAR or ESCP Residents/ Trainee - Non Members | € 350,00 |

Registration fee includes:

- access to lectures and interactive discussions
- final programme/syllabus
- coffee breaks
- lunches or lunchbox
- certificate of attendance

The number of participants for this workshop is limited and registrations will be accepted on a first come first served basis. Full payment is required with registration.

Registrations as resident (in training) must be accompanied by a confirmation of the head of the department confirming the status as Resident.

Please note:

Registration Deadline is **September 23, 2013**.

INSURANCE

Participants have the opportunity to take out insurance for the registration fee. This insurance applies in case of an unforeseen cancellation of participation in the Bowel Imaging Workshop and can be taken out together with the online registration.

Details can be found on the ESGAR website **www.esgar.org**.

ACCREDITATION

An application will be made to the EACCME® for CME accreditation of this event. The EACCME is an institution of the UEMS (www.uems.net). The number of credit hours of European external CME credits will be announced on the ESGAR website.

Thursday, October 24

8:00 REGISTRATION

8:45 Introduction

RECTAL CANCER

09:00 I. TREATMENT: which are the clinically relevant questions....?

.....**from the surgeons**

Z. Krivokapic, Belgrade/RS

09:20from the radiation oncologists

V. Valentini, Rome/IT

09:40 II. IMAGING: which are the answers from the radiologists?

R.G.H Beets-Tan, Maastricht/NL

10:10 Discussion

10:30 COFFEE BREAK

COLON CANCER

11:00 I. DETECTION: how do the new diagnostic tools help the gastroenterologist?

M. van Leerdam, Amsterdam/NL

11:25 When can colonography replace colonoscopy?

S.A. Taylor, London/UK

11:50 Discussion

12:00 II. STAGING: what are the clinically relevant questions for staging colon cancer and the answers from the radiologists?

C. Hoeffel, Reims/FR

12:20 Discussion

12:30 LUNCH BREAK

13:00 MULTIDISCIPLINARY WORKSHOPS, 3 x 45 min.

I. Rectal cancer workshop: clinical case based discussions

R. Beets-Tan, Amsterdam/NL, Z. Krivokapic, Belgrade/RS and V. Valentini, Rome/IT

II. CTC workshop: clinical case based discussions

S. A. Taylor, London/UK and M. van Leerdam, Amsterdam/NL

III. Total mesorectal and posterior pelvic anatomy

S. Pritchard, Manchester and G. Hutchins, Leeds/UK

15:30 COFFEE BREAK

16:00 GROUP FEEDBACK AND ADJOURN

Friday, October 25

INFLAMMATORY BOWEL DISEASE

- 09:00 I. TREATMENT: which are the clinically relevant questions?**
J. Panes, Barcelona/ES
- 09:25 II. IMAGING: how can imaging help in making a decision?**
A. Laghi, Rome/IT
- 09:50 Discussion**

10:00 COFFEE BREAK

THE POSTOPERATIVE ABDOMEN

- 10:30 I. Complications after bowel surgery: what should we know?**
P. Tanis, Amsterdam/NL
- 11:00 II. Imaging of postoperative complications: how accurate is CT?**
M. Laniado, Dresden/DE

11:30 MULTIDISCIPLINARY WORKSHOPS, 2 x 45 min.

I. Perianal fistulas

C. Buskens and J. Stoker, Amsterdam/NL

II. Luminal Crohn's disease

A. Laghi, Rome/IT and J. Panes, Barcelona/ES

13:00 GROUP FEEDBACK AND ADJOURN

European
Congress
of
Gastroenterology
and
Hepatology
